PORAC	207	\$447.78	\$838.44	\$1,065.90

**Note:** The CalPERS Board of Administration adopted regional pricing for public agencies effective January 1, 2005. Regional pricing adjusts premiums to reflect the actual cost of health care in a given region. With regional pricing, public agencies pay an amount aligned with what they would pay in the open market for health care within the Northern California region.

State and PORAC rates are not affected by regional pricing.
